

Floppy Hat

Sizes are determined by the # of stitches in the Band. (XS=52, S=56, M=60, L=64, XL=68) Depending on what gauge you end up with, your results may vary from mine.

Hook size depends on the T-Shirt's thickness & the width of the strips of you cut. I aim for 3/8" strips. I use size K mostly.

Gauge I get 3 sc = 1 inch and 3 sc rows = 1 inch

For every size, do rows 1 through 9. Then follow instructions for each size from row 10 on. Add Band & Bill.
